

WHERE CHILDHOOD IS CHERISHED, NOT HURRIED

At HAVEN Early Explorations, we nurture a child's natural rhythm through a Finnish early learning pedagogy centred around the child's happiness and individuality.

WHY FINLAND, WHY HAVEN?

Global wings with Indian roots

Finnish Early Learning Pedagogy is centered around **play-based, child-led** learning that nurtures **curiosity, creativity, and social-emotional development**.

Instead of focusing on academic pressure, it emphasizes balanced growth; developing a child’s independence, empathy, and love for learning.

At HAVEN, we bring this vision to life through

Children learn to name their feelings, build empathy, and navigate relationships with care.

Curiosity & Creativity

Children grow at their own rhythm, making choices and solving problems with gentle guidance.

Emotional Intelligence

Learning unfolds through play, nature, and open-ended exploration.

Confidence & Independence

Our approach

The Finnish approach creates a stress-free, nurturing environment, fostering lifelong learners who are confident, resilient, and socially aware. All within our purpose built campus spread across 36,000 Sq.Ft.

Every child is unique

A CHILD’S FIRST 6 YEARS ARE THE MAGICAL YEARS
HAVEN is born from this belief: a space where children are seen, heard, and celebrated. Inspired by Finnish pedagogy and 25 years of knowledge and experience from our founder, Mrs. Bela Jaydeep, we honor; play, emotions, and curiosity, not just preparing children for school, but for life.

What makes HAVEN different?

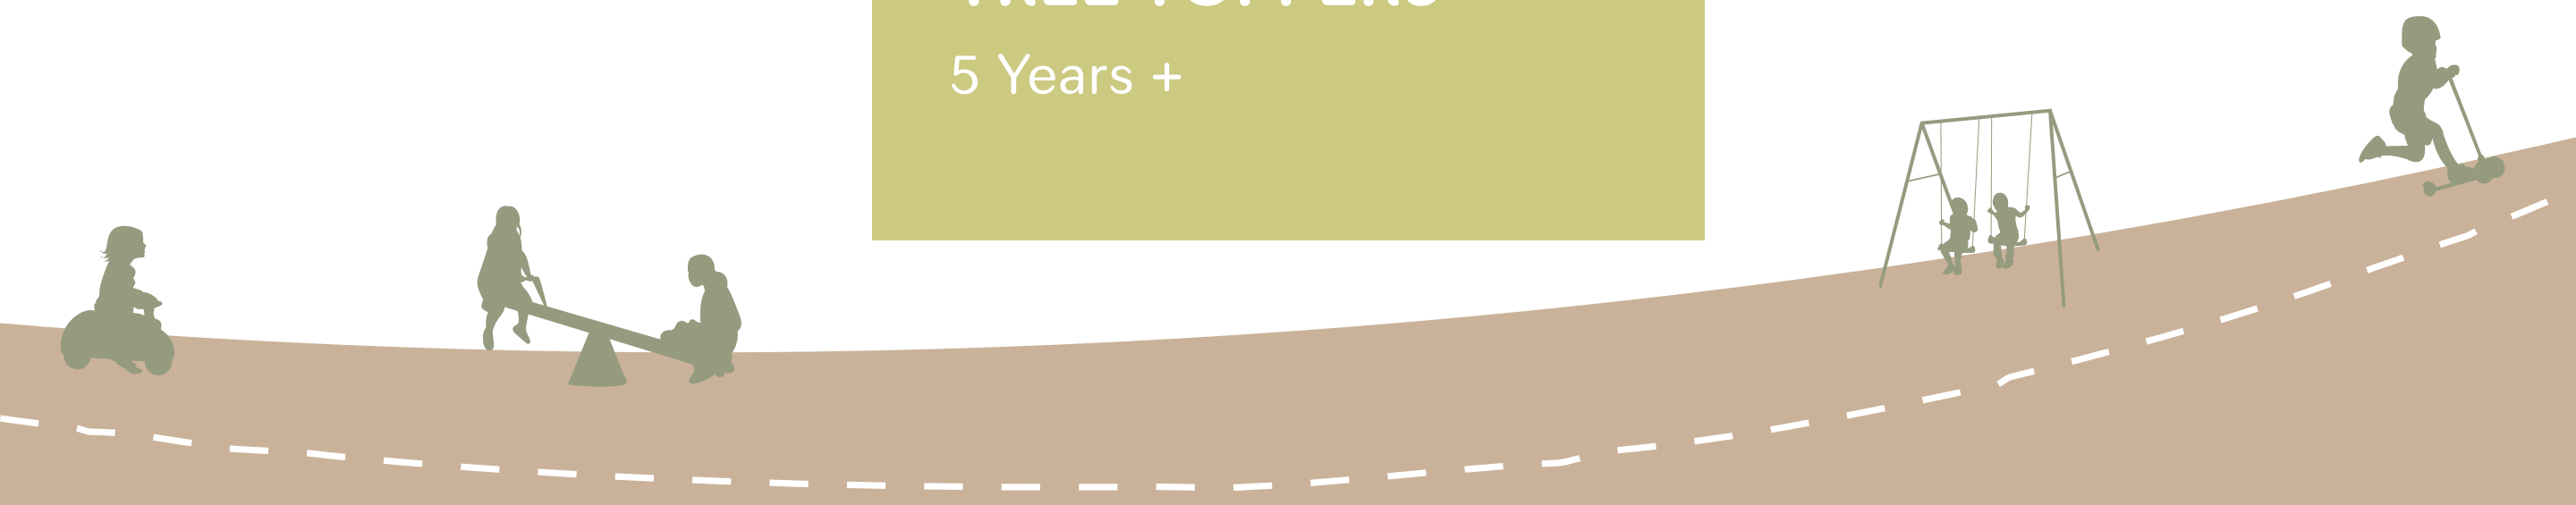

All without compromising the academic learning results outlined
BY NEP 2020

OUR PROGRAMS

BABY ‘n’ ME - PARENT TODDLER 14+ months onwards	EARLY LEARNER - I 22+ months onwards (June to April)	EARLY LEARNERS - II 22+ months onwards (December to April)
NESTLINGS 2 Years +	LITTLE GATHERERS 3 Years +	BRANCH EXPLORERS 4 Years +
TREE TOPPERS 5 Years +		

Pikku has found his way to HAVEN

In the quiet forests of Finland, a gentle red mountain squirrel named “Pikku” gathers not just acorns, but moments. Moments of stillness. Of curiosity. Of listening to the wind and understanding the language of trees.

Pikku has found his way to Haven - a school built on the belief that every child deserves time, space, and trust to grow at their own rhythm. Haven doesn't rush learning. It honors wonder. Just like Pikku, who pauses often, thinks deeply, and builds with care.

At Haven, children don't just learn - they become. Pikku reminds them that their smallest steps are often their biggest leaps.

Hi! I am Pikku,
I've found a place
where little hearts
feel safe,
where play becomes
learning, and every acorn
grows into a story.
